ever since its scientific discovery the great nasca site of cahuachi on the south coast of the central andes has captured the attention of archaeologists art historians and the general public until helaine silverman s fieldwork however ancient nasca culture was seen as an archaeological construct devoid of societal context silverman s long term multistage research as published in this volume reconstructs nasca society and contextualizes the traces of this brilliant civilization ca 200 b c a d 600 silverman shows that cahuachi was much larger and more complex than portrayed in the current literature but that surprisingly it was not a densely populated city rather cahuachi was a grand ceremonial center whose population size density and composition changed to accommodate a ritual and political calendar silverman meticulously presents and interprets an abundance of current data on the physical complexities burials and artifacts of this prominent site in addition she synthesizes the history of previous fieldwork at cahuachi and introduces a corrected map and a new chronological chart

for the rio grande de nazca drainage system on the basis of empirical field data ethnographic analogy and settlement pattern analysis silverman constructs an andean model of nasca culture that is crucial to understanding the development of complex society in the central andes written in a clear and concise style and generously illustrated this first synthesis of the published data about the ancient nasca world will appeal to all archaeologists art historians urban anthropologists and historians of ancient civilizations

the meanings of ritualized head treatments among ancient mesoamerican and andean peoples is the subject of this book the first overarching coverage of an important subject heads are sources of power that protect impersonate emulate sacred forces distinguish or acquire identity within the native world the essays in this book examine these themes in a wide array of indigenous head treatments including facial cosmetics and hair arrangements permanent cranial vault and facial modifications dental decorations posthumous head processing and head hunting they offer new insights into native understandings of beauty power age gender and ethnicity the contributors are experts from such diverse fields as skeletal biology archaeology aesthetics forensics taphonomy and art history

since the days of the spanish conquest the indigenous populations of andean bolivia have struggled to preserve their textile based writings this struggle continues today both in schools and within the larger culture the metamorphosis of heads explores the history and cultural significance of andean textile writings weavings and kipus knotted cords and their extreme contrasts in form and production from european alphabet based texts denise arnold examines the subjugation of native texts in favor of european ones through the imposition of homogenized curricula by the educational reform law as arnold reveals this struggle over language and education directly correlates to long standing conflicts for land ownership and power in the region since the majority of the more affluent urban population is spanish speaking while indigenous languages are spoken primarily among the rural poor the metamorphosis of heads acknowledges the vital importance of contemporary efforts to maintain andean history and cultural heritage in schools and shows how indigenous andean populations have incorporated elements of western textual practices into their own textual activities based on extensive fieldwork over two decades and historical anthropological and ethnographic research denise arnold assembles an original and richly diverse interdisciplinary study the textual theory she proposes has wider ramifications for studies of latin america in general while recognizing the specifically regional practices of indigenous struggles in the face of nation building and economic globalization
